

ESCALADE

ESCALADE

There are things in life that are so forceful, influential and powerful, that you have no choice but to be pulled toward them. You instantly become aware, awed and attracted. Frozen where you stand, there is no turning away. A vision that is boldly illuminated. With inspired space and movement. Brilliance that grips you and the road. That's the power of presence and the original iconic SUV.

*THE 2019 ESCALADE*

# THE ONE AND ONLY ESCALADE

For 20 years, the Escalade has led automotive design, with opulence and function fit for only the grandest stage. From a striking design aesthetic, to a comfortable and accommodating cabin that is as spacious as it is versatile, the 2019 Escalade offers nothing but the best.

To fully appreciate the best in craftsmanship, innovation, utility and performance, look no further than the Escalade Platinum. Distinctive exterior design elements, such as the bold Platinum grille with Galvano chrome, are an example of standout design. Others include 22" premium painted wheels featuring chrome inserts that are sure to grab attention. When you step inside, you'll see tremendous space and a range of amenities that offer everything from a hand-stitched steering wheel to cutting-edge technologies.

**A brilliant vision.** Cadillac signature headlamps are composed of five crystals, fully stacked with all-LED technology to generate a crisp white light. Available LED Cornering Lamps project light into curves when the vehicle is turning.

**Utility disguised as elegance.** With the touch of a button, power-folding third-row seats quickly disappear to yield up to 3398 liters<sup>1</sup> of maximum cargo space in the Escalade ESV.

<sup>1</sup> Cargo and load capacity limited by weight and distribution. Maximum cargo space achieved with second and third rows folded down.

A photograph showing the interior of a Cadillac Escalade Premium Luxury. The seats are upholstered in Kona Brown leather with a textured pattern. The image shows the front and second rows of seats, highlighting the stitching and the Cadillac logo on the headrests. The lighting is warm, emphasizing the rich color and texture of the leather.

## A GRAND REASON TO BE OBSESSED WITH DETAILS

Crafted with care and precision, you can choose from trims and leather appointments that meet with flawless seams and peerless stitching. These materials have been painstakingly curated to work together beautifully — so, whether you grip the hand-finished Turin leather steering wheel or sit in the available Kona Brown seats, you're surrounded with elegance.

(A)

(B)

**More field of view to admire.** The available Rear Camera Mirror<sup>1</sup> can stream video through the rearview mirror. This less-obstructed view offers the driver more field of view than the conventional rearview mirror, but can revert to the standard view with just a toggle.

You can clearly see the additional visibility and expanded view of what is directly behind the vehicle with the Rear Camera Mirror (A) compared with the traditional rearview mirror (B).

<sup>1</sup> Read the vehicle Owner's Manual for important feature limitations and information.

# A PRESENCE IMPOSSIBLE TO IGNORE

The exterior design of the Cadillac Escalade never goes unnoticed. As you walk toward this formidable SUV, you'll instantly notice a striking grille framed perfectly with stunning headlamps. The available Platinum grille conveys chic design with a bold Galvano chrome finish. Touch the available Illuminating Door Handles and impressive style is met with a soft glow to help improve visibility.

Walk around the Escalade and notice stunning available 22" premium painted wheels featuring chrome inserts that are sure to grab attention. These wheels are cast in a flow-forming process that saves weight, adds strength and looks striking.

As you approach the rear of the vehicle, Light Blades slice through typical automotive design. Each innovatively engineered LED in both Light Blade taillamps delivers bright illumination along with a statement. What you won't see is the Invisible Rear Wiper. It is concealed when not in use—protecting it from the elements, while preserving the vehicle's clean design lines.

A variety of features transform the cabin into that rare place where tranquility, comfort and entertainment go hand in hand. Acoustic front glass, triple-sealed inset doors and Bose® Active Noise Cancellation work to create the Escalade's extraordinarily quiet interior, while a captivating 16-speaker Bose Centerpoint® Surround Sound system is a pleasure to hear. Equally entertaining is the available Rear Seat Entertainment (RSE) System. It features a 9" diagonal screen, Blu-ray™ playback, MP3 capability and two wireless headphones, as well as HDMI and USB<sup>1</sup> ports.

Tri-Zone Climate Control allows the driver, front passenger and rear passengers to adjust temperatures individually. This emphasis on individual control and comfort extends to power-adjustable pedals, as well as a function-rich, power-tilt and -telescoping heated steering wheel. And should individuals require even more space, the Escalade ESV offers additional leg room, seating and larger doors to easily accommodate up to eight passengers.

With stunning conveniences and sublime comforts, this cabin is perfect. Amenities such as heated front and rear outboard seats, as well as front seats that cool, are only the beginning.

For Escalade Platinum second- and third-row passengers, the Rear Seat Entertainment (RSE) System features dual screens in the front head restraints, while tri-play capability allows each screen to play different content with the available overhead screen.

The Escalade Platinum multidirectional massaging front seats also adjust 18 ways. Semi-Aniline leather makes the first- and second-row seating surfaces, as well as the leather-wrapped steering wheel and instrument panel, supple yet resistant to wear. Sueded microfiber headliners and door trim, along with exclusive wood accents, complete the cabin.

# SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

## GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense forward and reverse collisions and automatically engage the brakes, helping to reduce the crash impact.

## TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision is imminent.

## AN INTELLIGENT WIPER

Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever the wipers are activated, Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

## FIRMLY REASSURING

During emergency braking or sudden maneuvers, available Automatic Seat Belt Tightening activates. When conditions revert to normal, the belts ease automatically.

## TRAVEL THE STRAIGHT AND SMART

Using monitors to sense lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

## AN ATTENTION-GRABBER

Standard Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle. Standard Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

## SEE WHAT LIES BEHIND

The Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guidelines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

## GRABS YOUR ATTENTION. SUBTLY.

Cadillac's available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat — left, right, front or rear.

## SET YOUR SPACE

Available Adaptive Cruise Control–Advanced employs radar technology to maintain a selected distance between you and the detected vehicle ahead.

## BE ALERTED EVEN IN REVERSE

When backing out of a parking space, Standard Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle with either an audible alert or a pulse to the available Safety Alert Seat.

## A HIGHER LOOK AT WHAT SURROUNDS YOU

Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for important feature limitations and information.

**The Escalade is complete with advanced technologies that grip you and the road.**

Features such as Keyless Access connect you to your vehicle, enabling you to open or lock the doors, and use the Push-Button Start feature, without removing the key fob from your pocket or handbag. With the Adaptive Remote Start system, the key fob can start your engine up to 100 yards away, and the system will automatically adjust the vehicle's interior temperature depending on the outside temperature. Inside, you can power up and charge your mobile devices with Wireless Charging<sup>1</sup> capabilities.

# 91

START YOUR VEHICLE  
UP TO 91 METERS AWAY  
WITH REMOTE START

<sup>1</sup> The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require an adapter/back cover. To check for phone or other device compatibility, see [my.cadillac.com/learn](http://my.cadillac.com/learn) or consult your carrier.

**Technologies can also feed you information while you keep your eyes on the road.**

The available Head-Up Display (HUD) projects selected information onto the windshield, allowing you to keep your eyes on the road. And a reconfigurable 12.3" LCD gauge cluster lets you choose how you want to see vehicle, entertainment, communication and navigation information.

Surround Vision<sup>1</sup> provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

And lastly, you can park a little easier with Automatic Parking Assist.<sup>1</sup> It steers the Escalade to help you park in parallel and perpendicular spaces while you select the gears and control acceleration and braking.

<sup>1</sup> Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

# REMARKABLY LIGHT ON ITS FEET

The Escalade combines dynamic performance and poised handling. Look forward to a nimble, yet powerful drive every time you sit behind the wheel.

The 6.2L 420-hp V8 is paired with an intelligent 10-speed automatic transmission that moves between gears in a smooth, efficient fashion. Engine technologies such as Continuous Variable Valve Timing, Direct Injection and Active Fuel Management also help ensure this power plant's 621 Nm of torque is harnessed efficiently.

Standard Four-Wheel Drive allows you to select from among AUTO mode, 2WD and 4WD HI for everyday driving or 4WD LOW for more challenging conditions. While the standard Trailering Package provides an 3674 Kg maximum trailering<sup>1</sup> capacity, that's more than enough to handle your experiences.

The Escalade wouldn't drive like a Cadillac if it didn't also apply proprietary technology such as Magnetic Ride Control. It reads the road up to 1000 times a second and automatically adjusts the suspension to the road conditions. The result is a highly responsive drive.

2019 ESCALADE AND ESCALADE ESV STANDARD FEATURES

DRIVETRAIN

**6.2L V8 Engine** 420 hp and 621 Nm @ 4100 rpm with Active Fuel Management, Variable Valve Timing, Spark Ignition Direct Injection and an external oil cooler  
**Differential** Heavy-duty locking rear  
**Transmission** Heavy-duty 10-speed automatic, manual mode, Tow/Haul mode and external oil cooler  
**4-Wheel Drive** Driver-selectable, 2-speed transfer case: 2WD, Automatic, 4WD HI, 4WD LOW and Neutral

CHASSIS AND SUSPENSION

**Brakes** 4-wheel vented disc with anti-lock system and Duralife rotors and Hill Start Assist  
**Steering** Rack-and-pinion with variable electric power assist  
**Suspension** Independent front with coil-over-shock design/5-link rear and automatic load leveling  
 Magnetic Ride Control with selectable Sport mode  
**Trailer Equipment** Heavy-duty

EXTERIOR

**Active Aero Grille Shutters**  
**Assist Steps** Integrated  
**Capless Fueling System**  
**Glass** Acoustic windshield and front side  
 Rear privacy tint, solar-absorbing windshield  
**Keyless Access** With passive entry for all exterior doors and rear liftgate  
**Liftgate** Hands-free with programmable memory height  
**Lighting** Full-LED headlamps, high and low beams, Cadillac signature Daytime Running Lamps  
 Full-LED Light Blade taillamps  
**Mirrors** Rearview, heated, power-adjustable, power-folding, curb-view assistance, turn-signal indicators, puddle lamps and driver-side automatic dimming  
**Wheels** 22" 7-spoke alloy with Chrome inserts/Pearl nickel finish (see foldout for more details)  
**Wipers** Rainsense front  
 Rear integrated, intermittent with washer

INTERIOR

**Adaptive Remote Start**  
**Adjustable Pedals** Power with memory  
**Audio System** Premium 16-speaker Bose® Centerpoint® Surround Sound system. 3 USB ports<sup>1</sup> and auxiliary audio connectivity. CD/MP3 single-disc player.  
**Bluetooth**<sup>2</sup> Hands-Free Calling and data-service streaming with Natural Voice Recognition  
**Cadillac user experience**<sup>3</sup> with embedded navigation Information and media control system with 8" full-color diagonal LCD capacitive multi-touch screen,  
**Center Console**  
 Dual cupholders with cover  
 Wireless Charging<sup>4</sup> for mobile devices  
 Covered storage with auxiliary power outlet and 2 USB ports,<sup>1</sup> 230V power outlet and auxiliary power outlet for second-row passengers  
**Cruise Control** Electronic, with resume speed  
**Gauge Cluster, Reconfigurable 12"** Driver Information Center (DIC) with 2 themes; Balanced and Enhanced  
**Keyless Access** With Push-Button Start  
**LED** Illumination of the interior, door handle releases, door storage, console and footwell areas  
**Memory Package** Includes 2 presets for driver-seat position, exterior rearview mirrors, power-tilt and -telescoping steering column and power-adjustable pedals  
**Mirror** Automatic-dimming rearview  
**Navigation**<sup>5</sup> Integrated with Cadillac user experience;<sup>3</sup> includes NavTraffic  
**Seating**  
 Leather seating surfaces (first and second row)  
 Front bucket, with 12-way power adjustment including 4-way power lumbar control  
 Heated and cooled front seats with 3 settings  
 Heated second row with 3 settings  
 Second-row 60/40 split bench, manual fold-and-tumble  
 Third-row 60/40 split bench, power fold-flat, up and down  
**Steering Column** Power-tilt and -telescoping  
**Steering Wheel** Heated, leather-wrapped with fingertip controls for Driver Information Center, audio, Bluetooth phone interface and cruise control  
**Tire Pressure Monitoring System** Does not monitor spare tire

**Tri-Zone Climate Control** Automatic with individual settings for driver, front passenger and rear seating areas  
**Universal Home Remote** 3-channel programmable  
**Windows** Power with driver and front-passenger express-up/-down and rear passenger express-down

SAFETY AND SECURITY

**Airbags**<sup>5</sup> Driver and front-passenger dual-stage frontal; driver seat-mounted Front Center Airbag; driver and front-passenger seat-mounted side-impact for thorax and pelvic protection; and head-curtain for outboard seating positions with rollover sensor  
**Automatic Parking Assist**  
**Park Assist**<sup>6</sup> Front and Rear  
**Rear Vision Camera**<sup>6</sup> With guidelines  
**StabiliTrak Electronic Stability Control** With Rollover Mitigation  
**Surround Vision**<sup>6</sup> Bird's-eye view of vehicle  
**Theft-Deterrent System** Engine immobilizer

PREMIUM LUXURY

Enjoy Standard Features + these enhancements:

**Assist Steps** Power-retractable with LED ground illumination  
**Driver Assist Package**<sup>6</sup>

1. Not compatible with all devices. 2. Go to my.cadillac.com to find out which phones are compatible with the vehicle. 3. Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. 4. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier. 5. A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. 6. Read the vehicle Owner's Manual for important feature limitations and information.

**OWNER BENEFITS**

Our owners deserve it all. That's why 2019 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillac.com/ownership/benefits](http://cadillac.com/ownership/benefits).

**ABOUT THIS CATALOG**

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

**ENGINES**

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

**TIRE SEALANT AND COMPRESSOR KIT**

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 6mm puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 161 Km of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 6mm or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

**ASSEMBLY**

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**1.** Roadside Assistance Program and Courtesy Transportation Program are not part of the New Vehicle Limited Warranty. A separate booklet titled, "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information. **2.** Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to <https://my.cadillac.com/learnAbout/cadillactires/> or see your dealer.

**COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)**

Powertrain limited warranty with no deductible, Roadside Assistance Program<sup>1</sup> and Courtesy Transportation Program<sup>1</sup>

**COVERED FOR 4 YEARS/100,000 KM (WHICHEVER COMES FIRST)**

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

**RUST-THROUGH COVERAGE**

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

**FLEET ORDERS**

Some standard content may be deleted with fleet orders. See dealer for details.
