

XT5

XT5

The agility of a sedan. The stability of an SUV.  
The sound of a revving engine that gets you exhilarated.  
Built with a passion to stimulate your senses,  
a purpose to embody perfection,  
and a desire to make the world stop in its tracks.  
This Crossover is one that inspires,  
excites, and makes you fall in love with driving  
all over again.

*THE UNDENIABLE 2020 XT5*

# BUILT WITH THE INTENTION TO TURN HEADS

It's hard to tell if the new 2020 XT5 was born for the road or the camera. Its sharp lines and sweeping curves feel like a work of art in motion. The signature grille, undisputable crest and jewel-like lighting makes this impressive Crossover a symbol of flawless design. Get behind the wheel and begin your journey to experience style that will move you.

**Leads the way with extraordinary vision.** Because no ordinary lamp would do the XT5 justice, it comes with the Cadillac front and rear light systems built with LED technology to give you brilliant illumination. Every headlamp and taillamp is carefully etched with the signature Cadillac crest, that not only adds style, but function too.

**Elegance that astounds.** Every material in the XT5 is carefully selected to come together as one masterpiece. When your steering wheel and dashboard are hand-stitched and made of Semi-Aniline leather, uniquely colored leather seats are exquisitely cut-and-sewn with Chevron perforated inserts, and exotic wooden panels are custom stained to suit your style; you know it doesn't get any better.

# 1784 LITERS<sup>1</sup> OF ENDLESS POSSIBILITY

Need more boot space for a long getaway? You have it. Looking to accommodate more passengers? You have that too. The XT5 is flexible and adapts to your every need.

With 40/20/40 rear seat folding flexibility; it slides, reclines and reveals an impressive 1784 Liters<sup>1</sup> of Cargo Capacity so you always have room for more.

1. Cargo and load capacity limited by weight and distribution.

**Leaves nothing behind. Not even the view.** The XT5 is adeptly built with Cadillac's innovative Rear Camera Mirror that can stream video through it.

Switch to this mode and enjoy a less-obstructed view that gives you 300% more field of view. Switch back to the standard view, all with just a toggle.

# A FLASH OF FINESSE

Complimenting the bold and aggressive exterior lines are the jewel-like headlamps nestled in each far corner. These stunning LED headlamps feature IntelliBeam®, which automatically switches between high and low beams as other vehicles approach. In addition, the cornering lamps emit a crisp white light that cast light into the deepest corners.

The XT5 corners into every curve impressively, firmly gripping the road with its 20" available 12-spoke fully polished aluminum wheels. These wheels provide you with the safety and peace of mind you desire during every drive.

**Excellence fit for royalty.** The materials used in the making of the XT5 are curated with utmost precision. Right from the natural woods to the cut-and-sewn leather and Galvano accents; the XT5 superior build-quality can be noticed at the very first glance.

The reconfigurable space feature in the XT5 makes it a highly flexible drive and accommodates your every need. The 60/40 rear seats can be folded to provide you with up to 63 cubic feet of space, so no cargo has to be left behind.

Standard with Premium Luxury and Platinum is the available Tri-Zone® Climate Control that allows the driver, front passenger and rear passengers to adjust the temperature to their preferences, and also warm up with available heated rear outboard seats. Or if you like, bask in the sun while you drive with the available UltraView® sunroof that allows front and rear seat passengers to enjoy stunning views. The sunroof is tinted with UV sun-ray protection, and opens and closes with the push of a button.

**Feel a connection. In more ways than one.** When you take the XT5 on the road, it will never fail to impress you. But what makes it even more special is the technology behind the steering wheel. The Cadillac User Experience<sup>1</sup>, now with a rotary controller, provides you with comprehensive entertainment and keeps you connected with the world at all times with the touch of a button.

With Apple CarPlay<sup>TM2</sup> and Android Auto compatibility, you can seamlessly access your contacts, apps, playlists and more. This ingenious system offers you the information and entertainment you need, all at your command.

<sup>1</sup>. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices.  
<sup>2</sup>. Read the vehicle Owner's Manual for important feature limitations and information.

# SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

### PARKING PERFECTED

Available Front and Rear Park Assist systems can sense stationary objects when you're parking, warning you if you come too close. When in Reverse, the Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac User Experience screen. Guidelines plot your intended trajectory, helping you see people and objects that might be in your path.

### HELPS KEEP AN EYE ON PEDESTRIANS

Front Pedestrian Braking, available as part of the Driver Awareness Package, uses a camera to scan the road ahead. If a pedestrian is detected, the system alerts the driver and, if necessary, applies the brakes to help avoid or reduce the severity of a potential collision.

### AN INTELLIGENT WIPER

Available Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever the wipers are activated, available Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

### TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential collision with a detected vehicle is imminent, while the available Following Distance Indicator shows the following time to the vehicle ahead (in seconds) in the Driver Information Center (DIC).

### BE ALERTED EVEN IN REVERSE

When backing out of a parking space, available Rear Cross Traffic Alert can warn you of oncoming cross traffic to either side of your vehicle.

### TRAVEL THE STRAIGHT AND SMART

Using monitors to sense lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

### AN ATTENTION-GRABBER

Available Lane Change Alert with Side Blind Zone Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle. Available Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both cases, if you've activated your turn signal toward the detected vehicle, the icon on the side mirror will flash to alert you.

### GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

### SET YOUR SPACE

Available Adaptive Cruise Control-Advanced employs front radar technology to maintain a selected distance between you and the detected vehicle ahead.

### GRABS YOUR ATTENTION. SUBTLY

Cadillac's available patented Safety Alert Seat sends a discreet pulse instead of an audible alert, to the left, right or both sides of the driver's seat, indicating the direction of the threat—left, right, front or rear.

### A HIGHER LOOK AT WHAT SURROUNDS YOU

Available Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

# FUEL INJECTED WITH GENIUS

When you sit behind the wheel of the XT5, you can instantly notice a feeling of confidence, responsiveness and awareness. The 3.6L V6 that comes standard with the Sport trim delivers 310 hp and 367 Nm of torque. This gives the XT5 a beastly presence on the road. The 2.0L engine, standard in the Luxury trim creates an impressive 237 hp and 350 Nm of torque to give every drive an essence of exhilaration.

The Luxury and Sport trims boast a 9-speed Electronic Precision Shift that moves you from Park to Drive in a simple gesture. Not only does the XT5 respond to changing road conditions, it is built with 3 distinct calibrations to support different driving dynamics.

An all-wheel drive built for spirited driving enthusiasts is complimented by Electronic Positraction, twin-clutch Sport Control AWD, a heavy-duty cooling system and H-rated Blackwall tires. All these exclusive features and more to make your drive more efficient, responsive and filled with adventure.

**1.** Not compatible with all devices.    **2.** Go to my.cadillac.com/learn to find out which phones are compatible with the vehicle.    **3.** Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.    **4.** Vehicle user interface is a product of Apple<sup>®</sup> and its terms and privacy statements apply. Requires compatible iPhone<sup>®</sup> and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries.    **5.** Vehicle user interface is a product of Google<sup>™</sup> and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android<sup>™</sup>-compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.    **6.** Read the vehicle Owner's Manual for important feature limitations and information.    **7.** Does not detect people or items. Always check rear seat before exiting the vehicle.    **8.** A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

OWNER BENEFITS

Our owners deserve it all. That’s why 2020 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillacarabia.com/ae-en/owner-resources](https://cadillacarabia.com/ae-en/owner-resources)

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner’s Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://cadillac.com) and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.
