

CT4

CT4

INTRODUCING THE DYNAMIC CT4

Exhilaration begins here. We invite you to experience the pulse quickening performance and sport inspired design of the CT4 that could only come from Cadillac.

2020 CT4

DRIVE INVIGORATED

Engineered with inspired agility and intuitive technology, the CT4 was built to enhance the sheer joy of driving. This next-generation luxury sport compact sedan is highly sophisticated and refined with bold styling, nimble steering, enhanced maneuverability, and advanced infotainment systems. The CT4 is made for anyone who values freedom, creativity, and authenticity in a dynamic and invigorating drive.

UNPRECEDENTED EXHILARATION

Feel a new thrill on the road ahead in the CT4, powered by 2.0L and 2.7L engines with innovative twin-scroll (2.0L) and dual-volute (2.7L) turbo systems; providing an increase in adrenaline, fuel efficiency, and a refined responsive performance, whenever you need it.

Built with available RWD and AWD architecture, the CT4 has the agility and precision to make every drive unforgettable. Featuring, award-winning lightweight architecture with near 50/50 weight distribution – for enhanced balance and agility. Enjoy a more engaging and responsive drive with Bosch Premium Electric Variable-Effort Power Steering, performance suspension, and chassis system: providing even more endorphins through the twists and turns.

@ 1500-4000 RPM

BREAKOUT STYLE

With its athletic stance, the CT4's powerful design breaks out of the ordinary, turning every drive into an exhilarating experience. Featuring, a bold exterior design complemented by a low and wide vehicle stance, liquid forms, refined design elements, crisp and precise boundaries. The tensioned lines, lean mass and taut body sections align to create a refined athletic form that breaks from convention, making the CT4 appear like it's moving, even when it's standing still – just imagine how it drives.

A FEELING OF INSPIRATION

Enjoy a delightful driver experience with intuitive controls, distinct interiors, and enhanced rider comfort. The front seats of the CT4 come with numerous available adjustments including: heat, ventilation, lumbar massage, and driver memory settings – all to optimize your comfort. Take inspiration from your surroundings, with 8 distinct interior color and trim environments to choose from, and enjoy a respite from the ordinary, with the high-tech, high-touch materials used to craft the CT4 cockpit.

LEATHER- WRAPPED

STEERING WHEEL

360 DEGREES OF SAFETY

ALERT MODE. ALWAYS ON

Up to certain speeds, Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, helping to reduce crash impacts.

COMFORT LEADS THE WAY

Adaptive Cruise Control-Advanced employs both radar and cameras to maintain a set selected distance between you and the detected vehicle ahead while you steer.

FORWARD THINKING AT ITS BEST

Forward Collision Alert monitors traffic ahead, alerting you if a potential frontend collision is imminent, while the Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

EXTRAORDINARY ALL-ROUND VISION

When backing out of a parking space, Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle and provides an audible warning or a pulse to the Safety Alert Seat.

STAYS IN-LINE WITH YOU

Using a camera sensor to monitor lane boundaries, Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the Safety Alert Seat, Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

SEES WHAT YOU DON'T

Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you if a moving vehicle is rapidly approaching. Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

KEEPS YOU SAFE AND EVERYONE AROUND YOU

Standard Front Pedestrian Braking uses a camera to scan the road ahead. The system can alert the driver to detected pedestrians and, if necessary, can apply the brakes to help avoid or reduce the severity of a potential collision. When in reverse and after the HD Rear Vision Camera is displayed, available Rear Pedestrian Alert can provide pedestrian detection and imminent collision alerts to the driver when a pedestrian is detected behind the vehicle.

DYNAMIC INTELLIGENT TECHNOLOGY

The CT4 can see and help you avoid the things you may miss, with available active safety features like Forward Collision Alert, Lane Change Alert with Side Blind Zone Alert, Rear Cross Traffic Alert, and Automated Emergency Braking for an intelligent driving experience. The CT4 also offers multiple ways to interact, with key features including the 8" diagonal HD color display, cloud-based natural voice recognition, steering wheel controls and available rotary controller for a delightful ergonomic experience. In the CT4, you've never had more power than at the tip of your fingers and at the sound of your voice.

OWNER BENEFITS

Our owners deserve it all. That’s why 2020 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillacarabia.com/ae-en/owner-resources](https://www.cadillacarabia.com/ae-en/owner-resources)

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employees.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner’s Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOGUE

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.
