It's time to begin a new journey,
one filled with comfort.
Where you stride a different stride,
walk a different walk,
And express yourself with confidence.
Break away from the ordinary
and discover new turf.
Take a bold stance,
and make every entrance a grand arrival.
Through its performance, experience exhilaration.
Through its luxury, explore the finer side of life.
Through its impeccable design, be one with beauty.
Write the next chapter in your success story
with the all-new Cadillac CT5.

2020 CT5

STIMULATE YOUR SENSES

The all-new Cadillac CT5 is a spirited luxury sedan designed and developed to excite. Bold and expressive from every angle, this dynamic and sporty sedan will make your heart race.

ENGINEERED AND TUNED TO PLEASE

Very little compares to the pleasure of driving the Cadillac CT5. This 2.0L turbocharged 4-cylinder engine with a 10-speed automatic transmission is as responsive as it is fuel efficient. The CT5 offers you Drive Mode Control where you can personalize your driving preferences and enjoy every drive to the fullest. The CT5 is a complete driver's car with exceptional handling, improved ride control, adaptive suspension, and electronic limited-slip rear differential with available AWD. Think of the complete sedan. Think Cadillac CT5.

LOOKS FAST
EVEN WHEN
STILL

The all-new CT5 is a peak into the future of luxury sedans. Its stunning exterior lines accented by the fastback profile and engaging RWD silhouette (with AWD available) gives it the aggressive look that makes it stands out. The wheels of the CT5 are pushed to its corners not only to maintain a low center of gravity, but also to optimize the body-to-wheel relationship. The signature grille on this luxury sedan provides it a premium edge and makes it a true masterpiece.

GRANDEUR IN MOTION

Like every Cadillac, the CT5 is built with utmost precision, inside out. Every element in the CT5 comes together in harmony. This handcrafted interior speaks understated luxury and sophistication in every way possible. Be it the Leather-wrapped luxury steering wheel with paddle shifters or the metallic décor trim; the CT5 welcomes you to a world unlike any other.

LEATHER- WRAPPED

STEERING WHEEL

Select safety features shown.

VISION THAT ALWAYS KEEPS YOU ONE STEP AHEAD

ALERT MODE. ALWAYS ON

Up to certain speeds, Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, helping to reduce crash impacts.

COMFORT LEADS THE WAY

Adaptive Cruise Control-Advanced employs both radar and cameras to maintain a set selected distance between you and the detected vehicle ahead while you steer.

FORWARD THINKING AT ITS BEST

Forward Collision Alert monitors traffic ahead, alerting you if a potential frontend collision is imminent, while the Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

EXTRAORDINARY ALL-ROUND VISION

When backing out of a parking space, Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle and provides an audible warning or a pulse to the Safety Alert Seat.

STAYS IN-LINE WITH YOU

Using a camera sensor to monitor lane boundaries, Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the Safety Alert Seat, Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

SEES WHAT YOU DON'T

Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you if a moving vehicle is rapidly approaching. Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

KEEPS YOU SAFE AND EVERYONE AROUND YOU

Standard Front Pedestrian Braking uses a camera to scan the road ahead. The system can alert the driver to detected pedestrians and, if necessary, can apply the brakes to help avoid or reduce the severity of a potential collision. When in reverse and after the HD Rear Vision Camera is displayed,

available Rear Pedestrian Alert can provide pedestrian detection and imminent collision alerts to the driver when a pedestrian is detected behind the vehicle.

A HIGHER LOOK AT WHAT SURROUNDS YOU

Available HD Surround Vision provides a bird's-eye view of the area immediately surrounding the vehicle when in low speed drive or reverse. This view, projected onto the Cadillac user experience screen, helps increase your awareness during low-speed maneuvering.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

INNOVATION AHEAD OF ITS TIME

A futuristic design demands futuristic technology. This is why the CT5 is equipped with adept features like an Advanced Infotainment System, Android Auto™³ and Apple CarPlay™², a 10-inch diagonal HD color touch-screen display, center console rotary controller steering wheel controls and dual-mic cloud-based natural voice recognition, and Wireless Charging¹. The CT5 makes driving an absolute pleasure and keeps you connected with your world; all with just the touch of a button.

OWNER BENEFITS

Our owners deserve it all. That’s why 2020 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit cadillacarabia.com/ae-en/owner-resources

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employees.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner’s Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to cadillac.com and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.
