# SAFETY INNOVATIONS THAT DRIVE YOU FORWARD

### REVERSE AUTOMATIC BRAKING

The available automatic braking system can help in potential collision situations by automatically applying the brakes if the driver has not already done so.

### ADAPTIVE CRUISE CONTROL

The Adaptive Cruise Control allows the Escalade to automatically adjust its speed to maintain the selected gap distance from the vehicle in front of you.

### ENHANCED AUTOMATIC PARKING ASSIST

The system uses ultrasonic sensors along the front, rear and sides of your vehicle to detect a parking spot, track your vehicle's position and help you park. The system will automatically move your vehicle into the spot.

### LANE KEEP ASSIST

Lane Keep Assist with Lane Departure Warning provides gentle steering wheel nudges to help avoid unintentional lane drifting.

### HD REAR VISION CAMERA

The available Rear Camera Mirror streams rear-facing video while driving that expands to provide a wider, less obstructed rear field of view than a traditional mirror.

### FRONT AND REAR PEDESTRIAN DETECTION AND BRAKING

The Front and rear Pedestrian Braking System alerts you via haptic seat feedback and automatically applies the brakes or enhances driver braking to reduce collision severity or even avoid detected imminent pedestrian collisions.

### FORWARD COLLISION ALERT

The Forward Collision Alert notifies you via haptic seat feedback if it detects a front-end collision is imminent. It also alerts you if you are tailgating too closely.

### LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

The Lane Change Alert feature provides sidemirror alerts when a moving vehicle is detected or rapidly approaching your side blind zone.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for important feature limitations and information.

## TECHNOLOGY THAT PUTS YOU CENTER STAGE

An automotive pioneer through the ages, the all-new Escalade comes beautifully integrated with smart technology to make your driving experience even more seamless. Being ahead of the curve is the new normal with this all-new SUV. Enjoy advanced trailing technology and the hands-free power lift gate with memory height for your comfort. We've even added a larger head-up display for your convenience and have fitted the ride with a highly advanced Augmented Reality Navigation system for a flawless journey every time. Cut through the roads even smoother with the newly equipped active ride height air suspension which automatically drops 19mm as you accelerate for a more aerodynamic driving experience. Built in mind with the heritage of yester years and the technology of tomorrow, the all-new Escalade paves the way for the future.

# YOU RUN THESE STREETS

The original king of the streets is back with legendary performance and drive.

The all-new Escalade comes fiercely prepped with a 6.2L V8 engine. With dynamic fuel management, this beast can take on any road at up to 420 Hp at 5600 rpm.

Improved performance technologies include a quieter, smoother and more efficient engine as well as 624 Nm of torque. With great power comes even greater handling, made possible with the 10-speed automatic electronically controlled transmission, magnetic ride control and a new independent rear suspension which increases comfort due to independent wheel motion.

**1.** Before you buy a vehicle or use it for trailering, carefully review the trailering section of the vehicle Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. **2.** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. **3.** Vehicle user interface is a product of Apple<sup>®</sup> and its terms and privacy statements apply. Requires compatible iPhone<sup>®</sup> and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries. **4.** Vehicle user interface is a product of Google<sup>™</sup> and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android<sup>™</sup>-compatible smartphone. Android Auto is a trademark of Google LLC. **5.** Go to my.cadillac.com/learn to find out which phones are compatible with the vehicle.

**6.** The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier. **7.** Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. **8.** Read the vehicle Owner's Manual for important feature limitations and information.

## AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

## ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

## ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

## A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

## TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

## IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment.
