

XT4

XT4

Start your own thrilling journey with endless excitement powered by pure exhilaration. Thrive with the freedom to be yourself in typical Cadillac style. Explore the unlimited opportunities of the open road in confidence and safety. Then kick back and relax in unrivalled comfort with the latest technology at your fingertips. Make the most of your life, in the unmistakable Cadillac XT4.

THE 2021 XT4 CROSSOVER IS HERE

ADDING YOU TO YOUTH

The XT4 feels young, energetic and vibrant every time you drive it. A powerful engine revving under aggressive exterior lines is what makes this stylish Crossover a thrilling drive. The impeccable design and attention to every detail creates an impressive spectacle on the road, and off it too.

Every XT4 has a personality to match yours. Choose from Luxury, Premium Luxury or Sport and express your style and sophistication. Embedded with OnStar[®]1 and Connected Services that are designed to give you peace of mind and convenience. The athleticism of a Sedan, the comfort of an SUV, and the excitement of pushing boundaries makes the XT4 an ideal driver's drive.

1. Requires equipped vehicle and OnStar plan. OnStar Connected Service and Wi-Fi plans currently not available. See onstararabia.com for equipped vehicles, service availability and system limitations.

A model made just for you. The new 2021 XT4 is the perfect way to express yourself on the road. Customize your drive and choose from Luxury, Premium Luxury and the Sport models. With unique exterior and interior features that suit your style and needs, the XT4 is a drive built to understand you. Shift to performance with the Sport model or experience the sophistication in Premium Luxury. The XT4 has everything you need.

LEAVES NOTHING TO CHANCE

The XT4 is carefully designed around your comfort. Built with added safety and driver-assistance features, the XT4 stays alert at all times and gives you the quality of a superior drive and the peace of mind you desire.

THERE'S ALWAYS ROOM FOR A GETAWAY

When we say the journey matters as much as the destination, we mean it. With 60/40 flat-folding rear seats and extra passenger space, your next excuse for a weekend escape is a long drive in the XT4.

XT4 Sport trim in Jet Black with Cinnamon accents. Shown with available equipment.

SEEKING A THRILL? CROSSOVER TO OUR SIDE

The XT4 is not just stylish, but a mean machine too. Built with a 2.0L turbocharged engine that produces 237 HP and 350 Nm of torque, this Crossover unleashes raw power when you step on the pedal. Whilst you enjoy an exhilarating drive, the Active Fuel Management Technology makes sure it is efficient too by automatically applying cylinder deactivation.

A 9-speed automatic transmission paired with a twin-clutch AWD is why the XT4 is such an enjoyable drive, every single time.

A PIECE OF ART IN MOTION

The exterior lines in the XT4 flow seamlessly to create one comprehensive design. The slick composition of the XT4 accentuates the powerful, yet compact proportions. The long wheelbase with each wheel at its farthest gives the XT4 a lower center of gravity and increases stability on road.

When you choose Premium Luxury, you'll be astounded by the level of detail. A bright metallic-accented grille surrounded by Galvano-finished chrome, satin-aluminum roof rails and side-window moldings enhance the visual aesthetics of the XT4. The body-color illuminating door handles featuring satin-chrome accents with the front and rear lower fascia finished in Medium Silver Metallic accents lead the way to contemporary design. And adding the finishing touch are the available 20" alloy wheels with a Diamond-Cut finish.

Taking performance to a higher level is the Sport model with a gloss-black mesh grille, roof rails, windows, front and rear lower fascia accents; all framed with Galvano accents. The stylish taillamps tinted in a neutral density perfectly compliment the available Diamond-Cut finish 20" twin five-spoke alloy wheels.

The Luxury, Premium Luxury and Sport models exude confidence through the bold LED headlamps and taillamps. The rich and elegant design of the XT4 makes it stand out in a crowd, from every angle.

DIFFERENT EXTERIOR
STYLE OPTIONS

Take comfort wherever you go. Whoever thought your place of quietude would be inside your car. Step into the XT4 and discover an array of features that bring you the comfort, luxury and convenience you desire.

Every material used in the XT4 is of exquisite quality and showcases excellence in craftsmanship. Right from material selection to hand crafting each piece, it expresses its sophistication, down to the last stitch.

Premium Luxury in the XT4 feels like an indulgence. With features like leather seating surfaces, Diamond-Cut Aluminum, Linear Galaxy High-Gloss Wood and Finesse Calico High-Gloss Wood, the XT4 doesn't shy away from pampering you.

If being bold is being you, you're sure to enjoy the Sport Model, which flaunts a sport steering wheel and pedals, two optional carbon-fiber design accents or an authentic wood design.

No matter the trim, the XT4 will always impress, inspire and pamper you.

AVAILABLE INTERIOR
DESIGN CHOICES

Make a sweet escape. When planning a road trip with your family or friends, why not do it with style? Enjoy extra rear-seat leg room and additional cargo capacity for your comfort and all of your belongings. And for when you need extra cargo space, the XT4 adapts to your needs with its 60/40 fold-down feature in the rear seats. When folded down, it creates a flat surface for additional cargo capacity. When even that's not enough, you can always use the six storage areas in the front floor console.

The XT4 is all about the convenience and when your hands are full, all you have to do is place your foot under the rear fascia and the hands-free power liftgate with LED logo projection will automatically open for you.

YOUR CADILLAC – CONNECTED AND PROTECTED²

Take ownership to the next level with 10-years of standard connectivity offering Vehicle Diagnostics, Notifications and Cadillac Smart Driver once on-boarded. Includes a 2 month trial of the OnStar Protect & Connect subscription plan² and 3GB/90 day Wi-Fi data.

OnStar - Peace of Mind

Safety and security services to give you and your passengers peace of mind on the road. Specially trained Advisors who are ready to help 24/7.

AUTOMATIC CRASH RESPONSE

Timing is everything in the moments after a collision. If you're in a crash, built-in sensors can automatically connect an OnStar Advisor to your vehicle - even if you aren't able to call for help yourself. They will send the right help and stay with you until help arrives.

EMERGENCY SERVICES

Assistance in an emergency is only a button push away. Whether you're having a medical emergency or need critical assistance, OnStar Advisors will be available 24/7 to help.

STOLEN VEHICLE ASSISTANCE

Layers of protection for your vehicle that help make vehicle theft much more difficult. OnStar Advisors who can work with local authorities to recover your vehicle quickly and safely.

ROADSIDE ASSISTANCE

If you have a flat tire, run out of fuel or find yourself stranded, Advisors can assist with your details to get you the right help.

GOOD CITIZEN

You can use OnStar to be a good citizen and help others in time of need.

Cadillac Connected Services – Convenience

Designed to create a seamless bridge between your Cadillac and your connected life. Remote commands, In-Vehicle Apps access, Wi-Fi hotspot and diagnostic tools offer you an elevated ownership experience.

REMOTE KEY FOB

While on the go, keep your vehicle in tune with the myCadillac App. Send remote commands, schedule your vehicle's maintenance and more. Available for download on App Store or on Google Play™.

HOTSPOT

Your available built-in Wi-Fi hotspot¹ helps you stay connected on the road. Connect up to seven devices and get a reliable connection up to 15 meters away.

CONNECTED NAVIGATION

When it's time to get going, you want to get there without any hiccups. And now with available cloud-connected point of interest, destination searches & real-time internet-based traffic updates, you easily can.

DESTINATION DOWNLOAD

Enjoy the convenience of an OnStar Advisor helping you find where you need to go and sending the destination pin to your vehicle, while you keep your eyes on the road.

A MASTERMIND ON THE ROAD

When you drive the XT4, it's not long before you realize its intelligence. Smart in every way, this Crossover offers you a diverse range of technological features that keeps you connected to your world at all times¹. The Rotary Controller is one such example where you can use the voice command or just press a button on the steering wheel to perform various tasks. MyCadillac App lets you conveniently lock and unlock your vehicle, remote start and stop if equipped, and navigate².

The console also consists of two rows of hard buttons for frequently used features, climate control and other auxiliary features like Wireless Phone Charging³.

Finally, completing the smart console is the advanced infotainment system that serves as a convenient shortcut and helps you stay on top of every situation.

DIGITAL DEVICES
CONNECTIVITY WITH A
STRONG & POWERFUL
WI-FI HOTSPOT⁴

¹. Functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. ². OnStar Connected Service and Wi-Fi plans currently not available. See onstararabia.com for equipped vehicles, service availability and system limitations. ³. The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.cadillac.com/learn or consult your carrier. ⁴. Requires equipped vehicle, OnStar plan and Wi-Fi data plan. OnStar Connected Service and Wi-Fi plans currently not available. Once available, will require a data plan with Etisalat (UAE) or STC (KSA, Kuwait, Bahrain). See onstararabia.com for service availability details and system limitations. Requires equipped vehicle and OnStar plan.

Left: The rotary controller. Top: The Cadillac user experience¹ and tactile controls.

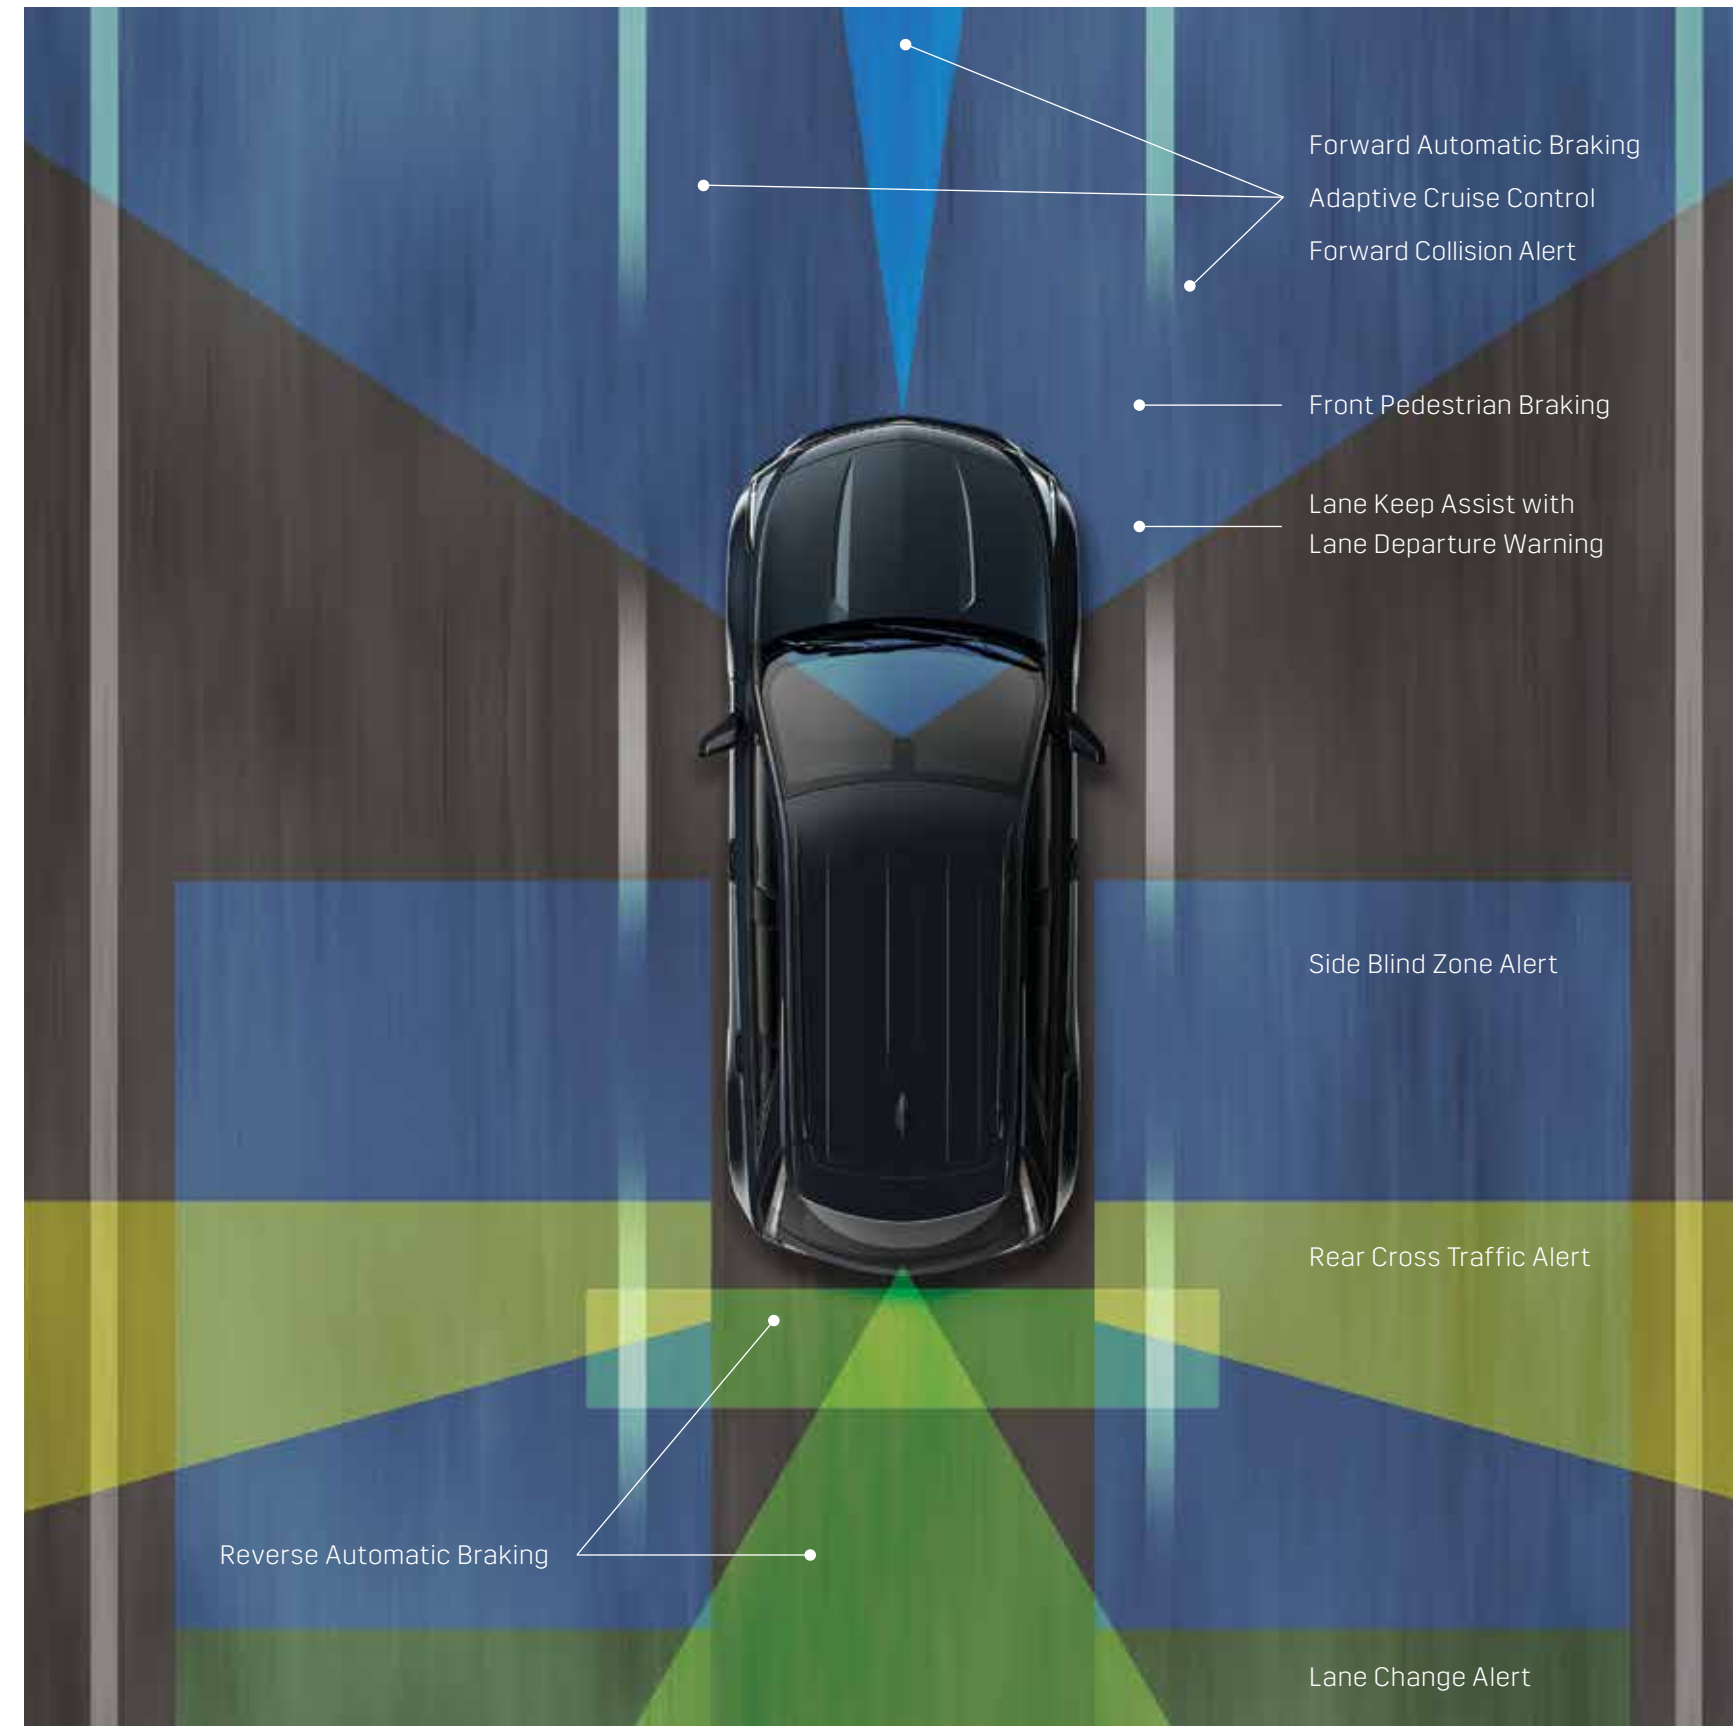

Changes the way you look at things. Cadillac has always been about its innovative technology and the Rear Camera Mirror is one such example. Choose between a traditional rear view or the rear view camera mirror display that gives you a wider, unobstructed and more enhanced view. The rear-facing camera allows you to zoom, vertically tilt and adjust the brightness of the view, while always keeping the view clear with an in-built washer.

When you drive the XT4, rest assured that nothing is out of the way. A full-color and selectable modes Head-Up Display (HUD) lets you keep your eyes on the road at all times. It projects the useful information you'd require onto the windshield to keep you alert and avoid any distractions.

Along with its safety features¹, the XT4 is also built with features that help keep you healthy. An available air ionizer reduces airborne contaminants like dust, pollen and odors and purifies the air in the cabin, for the comfort of every passenger.

¹ Read the vehicle Owner's Manual for important feature limitations and information.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

Forward Automatic Braking
Adaptive Cruise Control
Forward Collision Alert

Front Pedestrian Braking

Lane Keep Assist with
Lane Departure Warning

Side Blind Zone Alert

Rear Cross Traffic Alert

Reverse Automatic Braking

Lane Change Alert

GAIN PRECIOUS TIME

Up to certain speeds, available **Forward and Reverse Automatic Braking** can sense potential forward and reverse collisions and automatically engage the brakes if you haven't already done so, helping to reduce the crash impact.

TRULY FORWARD THINKING

Forward Collision Alert monitors traffic ahead, alerting you if a potential front-end collision is imminent, while the available **Following Distance Indicator** shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

GRABS YOUR ATTENTION. SUBTLY.

Cadillac's patented **Safety Alert Seat** sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat—left, right or both.

TRAVEL THE STRAIGHT AND SMART

Using a camera to sense lane boundaries, available **Lane Keep Assist with Lane Departure Warning** shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking. I can also gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal.

AN ATTENTION-GRABBER

Available **Lane Change Alert with Side Blind Zone Alert** surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you of a rapidly approaching vehicle.

SEE WHAT LIES BEHIND

The **HD Rear Vision Camera** automatically displays a live image of the area behind you on the Cadillac user experience screen. Guidelines on the image plot out your intended trajectory, helping you to see people and objects that might be in your path.

SET YOUR SPACE

Available **Adaptive Cruise Control** employs radar technology to maintain a selected distance between you and the detected vehicle ahead while you steer.

BE ALERTED EVEN IN REVERSE

When backing out of a parking space, **Rear Cross Traffic Alert** warns you of oncoming traffic on either side of your vehicle with either an audible alert or a pulse to the **Safety Alert Seat**.

A HIGHER LOOK AT WHAT SURROUNDS YOU

Available **HD Surround Vision** provides a bird's-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the **Cadillac user experience** screen, helps increase your awareness during low-speed maneuvering.

AUTOMATIC CRASH RESPONSE*

In severe crashes, built-in vehicle sensors can automatically send an alert to OnStar, and a live Advisor is automatically connected into the vehicle to speak with its occupants.

STOLEN VEHICLE ASSISTANCE*

Working with local authorities, a **Remote Ignition Block** signal can be sent to a stolen vehicle, preventing it from being restarted once the engine has been turned off.

Once local authorities have clear sight of the vehicle and indicate conditions are safe to do so, an Advisor can activate **Stolen Vehicle Slowdown**, bringing the vehicle to an idle speed with steering and braking functions intact.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for important feature limitations and information.

*OnStar Connected Service and Wi-Fi plans currently not available.

LOOKS CAN BE PLEASANTLY DECEIVING

Don't be fooled by the beauty of the XT4. Because under the hood lies a beast. The 2.0L turbocharged engine produces 237 Hp and 350 Nm of torque to give you the exhilaration you desire. The superior twin-clutch All-Wheel-Drive gives you maximum thrill with incredible on-road traction. This powerhouse is built with a 9-speed automatic transmission for a smoother and more efficient drive.

Its next-generation Electronic Precision Shift is modern, convenient and efficient. The straight up-and-down gear selection and paddle shifters behind the steering wheel give you a more engaging drive on the road.

Be it the city or an open road, you can select the mode as per your driving preferences. The XT4 is known for its versatility where each drive mode gives you a unique experience. The different pedal mappings, transmission shift points, steering effort and an Active Sport Suspension changes with every mode. But no matter what mode you're driving in, it's always a pleasure.

OWNER BENEFITS

Our owners deserve it all. That's why 2021 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillac.com/ae-en/owner-resources](https://www.cadillac.com/ae-en/owner-resources)

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.
