

XT5

XT5

Fall in love with driving all over again with effortless style, grace and elegance. Built to embody purpose and perfection with a passion to stimulate your senses. The XT5 offers the agility of a sedan with the stability of an SUV in a unique versatile crossover designed to inspire, excite and exhilarate your everyday.

THE UNDENIABLE 2021 XT5

MAKE AN ENTRANCE

Built to turn heads with sharp lines and sweeping curves, the new XT5 is a symbol of flawless design that never fails to attract attention. The signature grille, undisputable crest and jewel-like lighting makes this impressive crossover stand out from the rest. Get behind the wheel and start your journey in undeniable style made to move you.

Leads the way with extraordinary vision. Because no ordinary lamp would do the XT5 justice, it comes with the Cadillac front and rear light systems built with LED technology to give you brilliant illumination. Every headlamp and taillamp is carefully etched with the signature Cadillac crest, that not only adds style, but function too.

Elegance that astounds. Every material in the XT5 is carefully selected to come together as one masterpiece. When your steering wheel and dashboard are hand-stitched and made of Semi-Aniline leather, uniquely colored leather seats are exquisitely cut-and-sewn with Chevron perforated inserts, and exotic wooden panels are custom stained to suit your style; you know it doesn't get any better.

THE POSSIBILITIES ARE ENDLESS

Need more boot space for a long getaway? You have it. Looking to accommodate more passengers? You have that too. The XT5 is flexible and adapts to your every need.

With 40/20/40 rear seat folding flexibility; it slides, reclines and reveals an impressive 1784 Liters¹ of Cargo Capacity so you always have room for more.

1. Cargo and load capacity limited by weight and distribution.

Leaves nothing behind. Not even the view. The XT5 is adeptly built with Cadillac's innovative Rear Camera Mirror that can stream video through it.

Switch to this mode and enjoy a less-obstructed view that gives you 300% more field of view. Switch back to the standard view, all with just a toggle.

A FLASH OF FINESSE

Complimenting the bold and aggressive exterior lines are the jewel-like headlamps nestled in each far corner. These stunning LED headlamps feature IntelliBeam[®], which automatically switches between high and low beams as other vehicles approach. In addition, the cornering lamps emit a crisp white light that cast light into the deepest corners.

The XT5 corners into every curve impressively, firmly gripping the road with its 20" available 12-spoke fully polished aluminum wheels. These wheels provide you with the safety and peace of mind you desire during every drive.

Excellence fit for royalty. The materials used in the making of the XT5 are curated with utmost precision. Right from the natural woods to the cut-and-sewn leather and Galvano accents; the XT5 superior build-quality can be noticed at the very first glance.

The reconfigurable space feature in the XT5 makes it a highly flexible drive and accommodates your every need. The 60/40 rear seats can be folded to provide you with up to 1784 Liters of space, so no cargo has to be left behind.

Available with Premium Luxury and Sport trim is the Tri-Zone® Climate Control that allows the driver, front passenger and rear passengers to adjust the temperature to their preferences, and also warm up with available heated rear outboard seats. Or if you like, bask in the sun while you drive with the UltraView® sunroof, standard on Premium Luxury and Sport, that allows front and rear seat passengers to enjoy stunning views. The sunroof is tinted with UV sun-ray protection, and opens and closes with the push of a button.

YOUR CADILLAC – CONNECTED AND PROTECTED*

Take ownership to the next level with 10-years of standard connectivity offering Vehicle Diagnostics, Notifications and Cadillac Smart Driver once on-boarded. Includes a 2 month trial of the OnStar Protect & Connect subscription plan and 3GB/90 day Wi-Fi data. Take advantage of an additional month by subscribing before the trial ends.

OnStar - Peace of Mind

Safety and security services to give you and your passengers peace of mind on the road. Specially trained Advisors who are ready to help 24/7.

AUTOMATIC CRASH RESPONSE

Timing is everything in the moments after a collision. If you're in a crash, built-in sensors can automatically connect an OnStar Advisor to your vehicle — even if you aren't able to call for help yourself. They will send the right help and stay with you until help arrives.

EMERGENCY SERVICES

Assistance in an emergency is only a button push away. Whether you're having a medical emergency or need critical assistance, OnStar Advisors will be available 24/7 to help.

STOLEN VEHICLE ASSISTANCE

Layers of protection for your vehicle that help make vehicle theft much more difficult. OnStar Advisors who can work with local authorities to recover your vehicle quickly and safely.

ROADSIDE ASSISTANCE

If you have a flat tire, run out of fuel or find yourself stranded, Advisors can assist with your details to get you the right help.

GOOD CITIZEN

You can use OnStar to be a good citizen and help others in time of need.

Cadillac Connected Services – Convenience

Designed to create a seamless bridge between your Cadillac and your connected life. Remote commands, In-Vehicle Apps access, Wi-Fi hotspot and diagnostic tools offer you an elevated ownership experience.

REMOTE KEY FOB

While on the go, keep your vehicle in tune with the myCadillac App. Send remote commands, schedule your vehicle's maintenance and more. Available for download on App Store or on Google Play™.

HOTSPOT

Your available built-in Wi-Fi hotspot* helps you stay connected on the road. Connect up to seven devices and get a reliable connection up to 15 meters away.

CONNECTED NAVIGATION

When it's time to get going, you want to get there without any hiccups. And now with available cloud-connected point of interest, destination searches & real-time internet-based traffic updates, you easily can.

DESTINATION DOWNLOAD

Enjoy the convenience of an OnStar Advisor helping you find where you need to go and sending the destination pin to your vehicle, while you keep your eyes on the road.

Feel a connection. In more ways than one. When you take the XT5 on the road, it will never fail to impress you. But what makes it even more special is the technology behind the steering wheel. The Cadillac User Experience¹, now with a rotary controller, provides you with comprehensive entertainment and keeps you connected with the world at all times with the touch of a button.

With Wireless Apple CarPlay^{TM2} and Android^{TM3} Auto compatibility, you can seamlessly access your contacts, apps, playlists and more. This ingenious system offers you the information and entertainment you need, all at your command.

1. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices. 2. Vehicle user interface is a product of Apple® and its terms and privacy statements apply. Requires compatible iPhone® and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries. 3. Vehicle user interface is a product of Google™ and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android™-compatible smartphone. Android Auto is a trademark of Google LLC.

SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

HELPS KEEP AN EYE ON PEDESTRIANS

Front Pedestrian Braking uses a camera to scan the road ahead. If a pedestrian is detected, the system alerts the driver and, if necessary, applies the brakes to help avoid or reduce the severity of a potential collision.

TRULY FORWARD THINKING

Forward Collision Alert monitors traffic ahead, alerting you if a potential collision with a detected vehicle is imminent, while the Distance Indicator shows the following time to the vehicle ahead (in seconds) in the Driver Information Center (DIC).

BE ALERTED EVEN IN REVERSE

When backing out of a parking space, Rear Cross Traffic Alert, standard on Premium Luxury and Sport trims, can warn you of oncoming cross traffic to either side of your vehicle.

TRAVEL THE STRAIGHT AND SMART

Using monitors to sense lane boundaries, the Lane Keep Assist with Lane Departure Warning can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. The system works in conjunction with the Safety Alert Seat, showing a visual alert in the cluster and sending a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

AN ATTENTION-GRABBER

Lane Change Alert with Side Blind Zone Alert, standard on Premium Luxury and Sport trims, surveys the area well beyond the side blind zone, illuminating the side-mirror warning icon to alert you of a rapidly approaching vehicle and monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both cases, if you've activated your turn signal toward the detected vehicle, the icon on the side mirror will flash to alert you.

GAIN PRECIOUS TIME

Up to certain speeds, Automatic Emergency Braking can sense imminent forward collisions and automatically engage the brakes if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds. Reverse Automatic Braking is available on Premium Luxury and Sport trims as part of Driver Assist Package.

SET YOUR SPACE

Available Adaptive Cruise Control as part of the Driver Assist Package, employs front radar technology to maintain a selected distance between you and the detected vehicle ahead.

GRABS YOUR ATTENTION. SUBTLY

Cadillac's patented Safety Alert Seat sends a discreet pulse instead of an audible alert, to the left, right or both sides of the driver's seat, indicating the direction of the threat - left, right, front or rear.

A HIGHER LOOK AT WHAT SURROUNDS YOU

Available HD Surround Vision as part of the Enhanced Visibility and Technology Package, provides a bird's eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected onto the Cadillac User Experience screen, helps increase your awareness during low-speed maneuvering.

AUTOMATIC CRASH RESPONSE*

In severe crashes, built-in vehicle sensors can automatically send an alert to OnStar, and a live Advisor is automatically connected into the vehicle to speak with its occupants.

STOLEN VEHICLE ASSISTANCE*

Working with local authorities, a Remote Ignition Block signal can be sent to a stolen vehicle, preventing it from being restarted once the engine has been turned off.

Once local authorities have clear sight of the vehicle and indicate conditions are safe to do so, an Advisor can activate Stolen Vehicle Slowdown, bringing the vehicle to an idle speed with steering and braking functions intact.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

PASSION MEETS POWER

When you sit behind the wheel of the XT5, you can instantly notice a feeling of confidence, responsiveness and awareness. The 3.6L V6 that comes standard with the Sport trim delivers 310 Hp and 366 Nm of torque. This gives the XT5 a beastly presence on the road. The 2.0L engine, standard in the Luxury trim creates an impressive 237 Hp and 350 Nm of torque to give every drive an essence of exhilaration.

The 9-speed automatic transmission with Electronic Precision Shift will move you from Park to Drive in a simple gesture. Not only does the XT5 respond to changing road conditions, it is built with 3 distinct calibrations to support different driving dynamics.

An all-wheel drive built for spirited driving enthusiasts is complimented by Electronic Positraction, twin-clutch Sport Control AWD, a heavy-duty cooling system and H-rated Blackwall tires. All these exclusive features and more to make your drive more efficient, responsive and filled with adventure.

Requires compatible iPhone® and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries. **5.** Vehicle user interface is a product of Google™ and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android™-compatible smartphone. Android Auto is a trademark of Google LLC. **6.** Read the vehicle Owner's Manual for important feature limitations and information. **7.** Does not detect people or items. Always check rear seat before exiting the vehicle. **8.** A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

OWNER BENEFITS

Our owners deserve it all. That's why 2021 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit [cadillac.com/ae-en/owner-resources](https://www.cadillac.com/ae-en/owner-resources)

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillac.com](https://www.cadillac.com) and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle eatures may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Lux Car segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.
